

Workflow for General Education Courses

Undergraduate Curriculum Council (UCC)

Curricular proposals relating to individual general education courses (e.g., course revisions to title, description, or prerequisites).

Curricular proposal for a new course that will be proposed as an addition to the general education curriculum.

Undergraduate Curriculum Council considers the curricular proposal.

Notification of any change to a general education course sent to GEC for information only.

General Education Committee (GEC)

Proposal to add an approved/existing course to the general education curriculum.*

General Education Committee considers the proposal.

Notification of any change to the general education curriculum sent to UCC for information only.

* All general education courses must be approved by the UCC prior to consideration for addition to the general education curriculum by the GEC.
