

# Argos Dashboards

This book provides an overview of Argos access, dashboard navigation, and data export. The initial release includes college enrollment dashboards. Additional dashboards will be added to support timely access to high-value operational reports.

# Argos Login Troubleshooting

## Argos

*Favorite the Argos link for easier access*

**Acceptable Browsers:** Google Chrome, Firefox, or Edge

**Argos URL:** [evisions](#) | [eLauncher](#)

You will be prompt to login, please try your email address (**BCREECH@ASTATE.EDU**)

If that does not work, please try everything before the @ASTATE.EDU (**BCREECH**)

**NOTE:** If you are a MAC user you will have to use the **Web Viewer**. Otherwise, Click Argos, and download if prompted.

The screenshot displays the evisions | eLauncher web interface. At the top, a blue header bar contains the 'evisions | eLauncher' logo on the left and a user greeting 'Welcome back, bcreech' on the right, with links for 'settings', 'evisions support', and 'sign out'. Below the header, the main content area is divided into two sections. On the left, there's a navigation bar with 'Argos', 'FormFusion', and 'IntelleCheck'. The 'Argos' section is highlighted, showing the 'evisions Argos' logo and a description of 'Enterprise Reporting' as an enterprise reporting solution. Below this, there are two buttons: 'Argos Web Viewer' and 'Argos'. On the right side of the main content area, there's a decorative graphic of overlapping red and yellow squares. The footer is a dark gray bar with four columns, each featuring an icon, a title, a brief description, and a button. The columns are: 'Online Training' (monitor icon), 'CO-OP User Community' (speech bubble icon), 'Customer Support' (wrench icon), and 'What's New?' (star icon).

| Online Training                                                         | CO-OP User Community                                                     | Customer Support                                                            | What's New?                                              |
|-------------------------------------------------------------------------|--------------------------------------------------------------------------|-----------------------------------------------------------------------------|----------------------------------------------------------|
| Free, live, and unlimited interactive web-based training from Evisions. | Collaborate and share online with fellow higher education professionals. | Evisions' HelpDesk is unequalled in providing excellent support to clients. | Learn about our latest product updates and new features. |
| <a href="#">Learn More</a>                                              | <a href="#">Visit CO-OP</a>                                              | <a href="#">Visit Support</a>                                               | <a href="#">Read More</a>                                |

*If you experience an error saying wrong username/password, please follow the steps below*

# Resync Password

**Banner Admin:** [Application Navigator](#)

**Table:** GUAPSWD

**Tip:** If you cannot login to the first sign in screen, please resync your password on the banner table **GUAPSWD**. If you do not remember your old password or do not have access, please reach out to [ITS\\_DBA@astate.edu](mailto:ITS_DBA@astate.edu) to reset the old password. Your new password will be the **current password** you use.

| Oracle Password Change Form GUAPSWD 9.3.36.1 (PROD) (JBORO) |                                           |                                                                           |                                                       |
|-------------------------------------------------------------|-------------------------------------------|---------------------------------------------------------------------------|-------------------------------------------------------|
| Oracle User ID                                              | <input type="text" value="*name*"/>       | New Oracle Password                                                       | <input type="text" value="Current Windows Password"/> |
| Oracle Password *                                           | <input type="text" value="Old Password"/> | Verify Password                                                           | <input type="text" value="Current Windows Password"/> |
|                                                             |                                           | <input type="button" value="Save"/> <input type="button" value="Cancel"/> |                                                       |

Then hit save.

**Before you try logging into Argos again, Please clear your cache and cookies of all time.**

**Go to Argos and try to log in.**

The screenshot shows a web browser window with the URL <https://maps-prod.ec.astate.edu>. The browser's address bar and tabs are visible at the top. The main content area displays a login form titled "evisions" in a blue header. The form has two input fields: "Username:" with the text "bcreech" and "Password:" with masked characters. Below the password field is a checkbox labeled "Remember this user". At the bottom of the form are two buttons: "Use Single Sign-On" and "Sign In".

# Enrollment Dashboard — Quick Start (A-State Faculty/Staff)

## Access

1. **Sign in to Argos.**
2. In the left panel, open **JBORO**.
3. Open **your college** folder, then select **Enrollment Dashboard** and click **Run**. ▢  
enrollment-dashboard-navigation

“ **Note:** You may be prompted to sign in again when you select your folder.

**Tip:** If you cannot login to the first sign in screen, please resync your password on the banner table GUAPSWD. If you do not remember your old password, please reach out to [ITS\\_DBA@astate.edu](mailto:ITS_DBA@astate.edu) to reset it. Your new password will be the current password you use.

\*\*If you are able to get into Argos on the first sign in but not on the second one, it may be a security issue, please reach out to [bcreech@astate.edu](mailto:bcreech@astate.edu)

# Who can see what

Dashboards are **college-specific**—you will only see your own college’s dashboards.

- Enrollment Dashboard - AG COLL
- Enrollment Dashboard - BU COLL
- Enrollment Dashboard - EC COLL
- Enrollment Dashboard - ED COLL
- Enrollment Dashboard - LA COLL
- Enrollment Dashboard - NH COLL
- Enrollment Dashboard - SM COLL
- Enrollment Dashboard - UC COLL

- Don't see your college dashboard? Email [bcreech@astate.edu](mailto:bcreech@astate.edu) for access. ▢

## What's on the dashboard

The screenshot shows the 'Enrollment Dashboard - BU COLL' interface. At the top, there are navigation links for 'Main' and 'Help'. Below this, the dashboard title 'Enrollment Dashboard - BU COLL' is displayed. The main content area features four dropdown menus for filtering data: 'Term Code' (with options like 202560 2025 Fall, 202530 2025 Summer, 202510 2025 Spring, 202470 2024 Interim - December, 202460 2024 Fall), 'Campus Code' (with options like I International, J Jonesboro, LSD Global Campus, QAT Qatar, QUC Questar), 'Level Code' (with options like UG Undergraduate, GR Graduate), and 'Major' (with options like ACCT Accounting, APD1 Applied Digital Technology, APD2 Applied Digital Technology, AIDA Accounting w/ Data Analytics, BMD Business Analytics). Below these filters, there are three buttons: 'Enrollment', 'GPA', and 'Student Details'.

- **Enrollment:** Students with degree info, **semester** credit hours, and **overall** credit hours.
  - **GPA:** Degree info alongside GPA and academic standing.
  - **Student Details:** Personal info (race, age, address, phone) with degree info. ▢
- enrollment-dashboard-navigation

**Tip:** Use the **HELP** tab (top-left) for a quick guide to each section, how filters work (**Term, Campus, Level, Major**), and common issues (e.g., no results, export tips). Click **Main** to return to your data. ▢

## Filtering

- Filters can be used **individually or together** (e.g., *Term only, Term + Program*, etc.).
- Adjust filters and click **Run** to refresh. ▢

## Save / Export results

1. Right-click anywhere in the report grid and choose **Save Results**.
2. Uncheck any columns you don't want.
3. Click **Save**.

Save Results

↑ ↓ ✓ ✕ Rename

☒ Write headers ☐ Use format "Variable.Field"

☒ LEVEL

☒ CAMPUS

Some fields have been disabled since they have NULL values. To enable these fields select a row from the corresponding control on the previous screen.

Save Launch Cancel Help

1. Choose **OneDrive** so you can access the file anywhere.

1. Name the file and confirm **Save**

“ **Tip:** If you don’t see **Save Results**, click once inside the grid to activate it, then right-click again.

# Graduation Dashboard — Quick Start (A-State Faculty/Staff)

## Access

1. **Sign in to Argos.**
2. In the left panel, open the **JBORO** folder.
3. Inside **JBORO**, open **STU-GRAD-ADVISOR**.

“ **Note:** You may be prompted to sign in again when you select your folder.

**Tip:** If you cannot login to the first sign in screen, please resync your password on the banner table GUAPSWD. If you do not remember your old password, please reach out to [ITS\\_DBA@astate.edu](mailto:ITS_DBA@astate.edu) to reset it. Your new password will be the current password you use.

**\*\*If** you are able to get into Argos on the first sign in but not on the second one, it may be a security issue, please reach out to [bcreech@astate.edu](mailto:bcreech@astate.edu)

## Dashboard

## Graduation Dashboard

|                                                                                                         |                                                                                                                                                     |                                                                                                |                                                                                      |                                                                                     |                |
|---------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------|----------------|
| <b>Student ID:</b><br><input style="border: 1px solid red; border-radius: 50%;" type="text" value="%"/> | <b>Term Code:</b><br><div>2025 Fall<br/>2025 Summer<br/>2025 Spring<br/>2024 Interim - December<br/>2024 Fall<br/>2024 Summer<br/>2024 Spring</div> | <b>Graduation Status</b> <input checked="" type="checkbox"/> All Codes<br><div>All Codes</div> | <b>Program</b> <input checked="" type="checkbox"/> All Codes<br><div>All Codes</div> | <b>Major:</b> <input checked="" type="checkbox"/> All Codes<br><div>All Codes</div> | <div>Run</div> |
|---------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------|----------------|

**Filters:** Term Code, Grad Status, Program, Major, Student ID, Advisor ID: pick one or more values as needed.

## What you'll see

- **Student ID** (textbox)
- **Advisor ID** (textbox)
- **Term Code, Grad Status, Program, Major** (lists)
- **All Codes** Marked ✓

You can change any filter at any time. Click on a **filter** to refresh.

## Very important: Student ID & Advisor ID require a wildcard when “blank”

Those two boxes use a SQL `LIKE` match. That means:

- To search **all students/advisors**, the box must contain a single percent symbol: `%`
- If you look up an ID and then **clear** the box, the query won't run as “all.”  
You **must** put the wildcard `%` back in the box.

## Examples (Student ID or Advisor ID)

- **Exact 9-digit ID:** `123456789` → returns just that person
- **Starts with:** `12345%` → returns anyone whose ID begins with 12345
- **All:** `%` → returns everyone (no filtering by that field)

Tip: If a run returns nothing or won't execute after you delete an ID, add ☐ back to the box and run again.

## Save / Export results

1. Right-click anywhere in the report grid and choose **Save Results**.
2. Uncheck any columns you don't want.

The "Save Results" dialog box has a blue header bar. Below the header, there are four icons: an up arrow, a down arrow, a checkmark, and a close button. To the right of these icons is a "Rename" button. Further right are three checkboxes: "Write headers" (checked), "Use format 'Variable.Field'" (unchecked), and "Include byte order mark (BOM)" (unchecked). Below these options is a list box containing the following fields: parm\_EB\_AdvisorID, SHRDGMR\_PIDM, ID, FIRST\_NAME, LAST\_NAME, GRADUATION\_TERM, CONFERRAL\_DATE, GRST\_CODE, DEGS\_CODE, and DIPLOMA\_NAME. The first checkbox is unchecked, while the others are checked. At the bottom of the dialog, there is a message: "Some fields have been disabled since they have NULL values. To enable these fields select a row from the corresponding control on the previous screen." Below the message are four buttons: "Save", "Launch", "Cancel", and "Help".

3. Click **Save**.
4. Choose **OneDrive** so you can access the file anywhere.

5. Name the file and confirm **Save**.

“ **Tip:** If you don’t see **Save Results**, click once inside the grid to activate it, then right-click again. ■
