# How can I create a quiz where students only see one question at a time?

Quiz Settings include the option to choose one quiz question at a time for all types of quizzes and surveys.

**Note:** When the Disable Classic Quiz Creation feature option is enabled, you cannot create new Classic Quizzes. However, existing Classic Quizzes can continue to be edited, imported, and migrated to New Quizzes.

# Open Quizzes

Open Quizzes
In Course Navigation, click the **Quizzes** link.

# Add Quiz

Add Quiz
Click the **Add Quiz** button.

## Select Quiz Engine

Select Quiz Engine
If your course has New Quizzes enabled, you must select a quiz engine.

To select New Quizzes, click the **New Quizzes** option [1].

To create a classic quiz, click the **Classic Quizzes** option [2].

To save your quiz engine selection for this course, click the **Remember my choice for this course** checkbox [3].

Then click the **Submit** button [4].

**Notes:**

- Learn more about creating a quiz using New Quizzes.
- You can reset your quiz engine choice from the Quiz Options menu at any time.

# Edit Quiz Details

Edit Quiz Details

In the **Details** tab, enter the name of your quiz [1]. In the Rich Content Editor [2], introduce your quiz with formatted text, images, video, or sample math equations. You can even use the media commenting tool to record an introduction to the quiz.

**Note:** To edit quiz settings for a quiz that uses the New Quizzes quiz engine, see How do I manage settings for an assessment in New Quizzes?

# Edit Quiz Options

Edit Quiz Options

Click the **Show one question at a time** checkbox [1]. If you want to keep your students from returning to a previous question during the quiz, click the **Lock questions after answering** checkbox [2].

# Edit Quiz Questions

Edit Quiz Questions

In the **Questions** tab, you can create a new question [1], create a new question group [2], or find questions [3] by selecting them from a question bank.

# Save Quiz

Save Quiz

Click the **Save** button to save your work and preview the quiz.

**Note**: You should not publish your quiz until it is your final product. If you are ready to publish your quiz and make it available to students, click the **Save & Publish** button.

## Preview and Publish Quiz

Preview and Publish Quiz

To preview the quiz, click the **Preview** button [1]. When you are ready for students to see the quiz in the course, click the **Publish** button [2].

**Note**: We recommend you do not publish your quiz until it is final. If you change the quiz after a student has already opened it, the student will not see any of the changes in his or her version of the quiz.
