

How do I duplicate an individual question in New Quizzes?

You can duplicate questions in your New Quizzes quizzes. A duplicated quiz question includes the question title, question stem, question data and answers, points possible, question options, and aligned outcomes.

Notes:

- Duplicating a stimulus question type is not currently supported.
- Duplicating questions from item banks is not currently supported. However, individual questions added to a quiz from an item bank can be duplicated, but the copy will not be added to the item bank.

Open Quizzes

Open Quizzes

In Course Navigation, click the **Quizzes** link.

Note: You can also access quizzes from the Assignments page.

Open Build Page

[Open Build Page](#)

To duplicate a question from an item bank, find the quiz you want to open [1].

To open New Quizzes from an existing quiz, click the **Options** icon [2] and then click the **Build** link [3].

View Question

View Question

Locate the question you want to copy in your quiz.

Notes:

- Duplicating a stimulus question type is not currently supported.
- Duplicating questions from item banks is not currently supported. However, individual questions added to a quiz from an item bank can be duplicated, but the copy will not be added to the item bank.

Copy Question

Copy Question

To copy the question, click the **Copy** icon.

Edit Copied Question

Edit Copied Question

You can edit the copied question to change question content or options.
