

How do I regrade a quiz question in New Quizzes?

You can regrade a question for a quiz in New Quizzes using SpeedGrader. Regrading allows you to change the correct answer or point value for a question. The point value can also be changed for individual answers for questions with varied point values.

Regrading only applies to completed submissions. If all students will be affected by the regrade, please wait for all submissions before regrading.

Regrading is not available for Essay or File Upload questions. For Categorization questions, you can only change point values; you cannot change correct answers for this question type.

Click the **Regrade** button.

Select Regrade Option

Select Regrade Option

Select how to apply the regrade from the following options:

- award points for correct answer(s) only [1]
- award points for both current and previous correct answers [2]
- award points for any submitted answers [3]
- give everyone full credit [4]

To save your choice and regrade the question for all current submissions, click the **Regrade** button [5].

Note: Awarding full points for correct answers only may reduce some students' scores.

View Question Regrade

View Question Regrade

All current student submissions are regraded. You can view the student's original score [1] and the regraded score [2].

Note: You may need to refresh the page to view the currently selected student's regraded scores.
