

How do I upload a media file as a comment in SpeedGrader?

In [SpeedGrader](#), you can upload an audio or video file in the Assignment Comments area.

Note: You can also attach files or create recordings in the Assignment Comments area. Learn more about [leaving feedback comments in SpeedGrader](#).

Open SpeedGrader

Open SpeedGrader

[Open SpeedGrader](#) from any assignment, graded discussion, or quiz.

Open Student Submission

Open Student Submission

Use the [student list](#) to locate a student submission.

Open Studio Capture

Open Speech Recognition

In the Assignment Comments area, click the **Video** comment icon.

Note: If the assignment is supported by [Assignment Enhancements](#), the Assignment Comments section may display as Comments for this Attempt.

Open Upload Media

View Record Media Tab

Click the **Upload Media** tab.

Select Media Type

Select Media Type

To upload an audio file, click the **Select Audio File** button [1].

To upload a video, click the **Select Video File** button [2].

Select File

Select File

Select a file [1]. Then click the **Open** button [2].

View Posted Media

View Posted Media

The recording is automatically processed, submitted, and displays in the Assignment Comments area.
