

How do I view enrollments in a course section?

You can view section enrollments within your course Settings in Canvas.

Section enrollments also include the Test Student, which is created when you [enable Student View](#).

Open Settings

Open Settings

In Course Navigation, click the **Settings** link.

Open Sections

Open Sections

Click the **Sections** tab.

Open Course Section

Open Course Section

Click the section name link.

View Section Enrollments

View Section Enrollments

View current and completed enrollments, if any, in the section. Students are listed in alphabetical order by last name.
