

How do I view New Analytics in a course as a student?

As a student, you can view [New Analytics](#) in a course.

Available analytics include course grade, weekly online activity, and communication. By default, the analytics page displays an interactive chart graph of all data. However, you can view data within a table at any time.

Notes:

- If you cannot view an option to access New Analytics, your institution may not have enabled this feature.
- Data is refreshed in New Analytics every 24 hours. Please confirm the time data was last updated in the course, as content may be outdated compared to recent activity and submissions.

Embed this Video

Open Course

Open Course

In Global Navigation, click the **Courses** link [1], then click the name of the course [2].

Open New Analytics

[Open New Analytics](#)

To open New Analytics, click the **New Analytics** link in Course Navigation [1] or the **New Analytics** button in the Course Home page [2].

Note: If you cannot view an option to access New Analytics, your instructor may not have enabled this feature or you may not have the necessary course role permissions.

View Course Grade Graph

View Course Grade Chart Graph

By default, student analytics opens to the **Course Grade** tab [1]. The Course Grade graph shows your submission status and grade for all the assignments in the course. Your current course grade is shown above the chart graph [2].

The x-axis displays an icon to indicate if the activity is an assignment, quiz, or discussion. The y-axis indicates the grade percentage.

A solid dot [3] represents a graded assignment and an empty dot [4] represents an ungraded assignment.

To download a CSV of your course grade data, click the **Download** button [5].

View Assignment Details

View Assignment Details

To view more details about an assignment, click the dot [1].

Each assignment will display the title [2], due date [3], grade [4], and status label [5]. The status label may display as on time, missing, late, or excused.

View Course Grade Data Table

View Course Grade Data Table

To view course grade data in a table, click the **Options** icon [1] and select the **Data Table** option [2]. The data table shows the assignment name [3], due date [4], status [5], and grade [6]. The table can be sorted by clicking any column heading.

View Weekly Online Activity Graph

View Weekly Online Activity Graph

To view your weekly online activity, click the **Weekly Online Activity** tab [1]. Your total page views and total participations are displayed above the chart [2].

Data is displayed as a chart with two rows: average page views [3] and average participations [4]. The following actions will generate participations:

- Announcements: posts a new comment to an announcement
- Assignments: submits an assignment
- Collaborations: loads a collaboration to view/edit a document
- Conferences: joins a web conference
- Discussions: posts a new comment to a discussion
- Pages: creates a page
- Quizzes: submits a quiz

- Quizzes: starts taking a quiz

Data for the week that is currently in progress is indicated by a dotted line [5].

To download a CSV of the weekly online activity data, click the **Download** button [6].

View Weekly Online Activity Data Table

View Weekly Online Activity Data Table

To view weekly online activity in a table, click the **Options** icon [1] and select the **Data Table** option [2]. The data table shows the week start date [3], number of page views [4], and number of participations [5]. The table can be sorted by clicking any column heading.

View Communication Graph

View Communication Graph

To view an overview of messages, click the **Communication** tab [1]. The Communication graph shows the number of conversations that have taken place between you and your instructor(s) in the Canvas Inbox. The total number of messages sent by you and your instructors is displayed above the graph [2].

The x-axis shows the date range and the y-axis shows the number of messages sent. Student and instructor messages are differentiated by different colors. To improve contrast in the chart, click the **Chart Options** icon [3] and select the **Display Shapes** option [4].

To view the details of the bar graph, hover over the specific bar you want to view. You can view the total number of messages sent for the date range. Click the bar to view the specific days and number of messages that were sent in the range.

To download a CSV of the communication data, click the **Download** button [5].

View Communication Data Table

View Communication Data Table

To view communication activity in a table, click the **Options** icon [1] and select the **Data Table** option [2]. The data table shows the week start date [3], number of student messages [4], and number of instructor messages [5]. The table can be sorted by clicking any column heading.

To view details of a specific date range, click the date [6].
