

How do I view the rubric for an assignment in a course using Assignment Enhancements?

Your instructor may include a rubric as part of your assignment. The rubric is a set of criteria that your instructor will use to grade your assignment. Before submitting your assignment, you can use the rubric to evaluate your own work and make sure your assignment fulfills your instructor's requirements.

Notes:

- Not all assignments may include a rubric.
- If the assignment you are accessing displays differently, Assignment Enhancements may not be enabled in your course or your instructor may not have used a supported assignment type. Please view [this guide](https://embed.app.guidde.com/playbooks/xysHHkJejsrJxf5apQadjN) for more information.
