

Where can I find my peers' feedback for peer reviewed assignments using Assignment Enhancements as a student?

You can find your peers' feedback for peer reviewed assignments in several places.

Notes:

- Peer reviews can only be completed in the web version of Canvas.
- If the peer review is anonymous, the name of the reviewer is not included in any feedback.
- Observers can view all content from submitted assignments. However, observers cannot view assignment drafts.
- Assignment Enhancements does not support Cloud Assignments.
- If the assignment you are accessing displays differently, Assignment Enhancements and/or Peer Review Support may not be enabled in your course or your instructor may not have used a supported assignment type. Additionally, your institution may have enabled Enhanced Rubrics.
