Important Reminders

- Lots of publishers offer eBooks now. We encourage students to look for eBooks before purchasing a physical copy.
- Most publishers do not offer audio versions of their books.
    - In cases where a student requests an audiobook, we can obtain a digital format of the text and set up a reader software.
- Students need to request alternate-format textbooks as soon as possible!
    - Most of the texts come directly from the publisher.
    - These requests typically take 2-3 weeks for the publisher to fulfill, especially at the beginning of a semester.

Revision #2
