

LASER SAFETY

The objective of the Arkansas State University's Laser Safety Program are to assist in fulfilling the University's commitment to provide a safe and healthy environment for employment and learning and to establish and promote safe practices at all times. Protection of employees, students, the public, and university property and operations are paramount, and every attempt will be made to ensure that our facilities are as free as possible from recognized hazards.

Questions should be directed to the EHS director at mduoley@astate.edu.

Revision #1
