Faculty Liaison Handbook

The Faculty Liaison Handbook is your comprehensive guide to supporting high-quality concurrent enrollment experiences at A-State. Inside, you'll find clear guidance on liaison responsibilities, course alignment expectations, site-visit processes, and best practices for working with high-school instructors and partners.

From curriculum oversight and assessment standards to communication protocols and reporting procedures, the handbook equips you with the tools needed to ensure academic integrity and a consistent student experience across all ECP courses. Think of it as your roadmap: it outlines what's expected in your liaison role, the support available from ECP, and how to foster strong, collaborative partnerships with our high-school campuses.

Faculty Liaison Handbook
