

A-State Shuttle

Arkansas State University offers various shuttle services to International Students.

Airport Shuttle:

The A-State Airport Shuttle transports students to and from Memphis International Airport at the beginning and end of semesters.

Shopping Shuttle:

The A-State International Student Shuttle travels to grocery stores such as Kroger, Aldi’s, Wal-Mart, and the Asian Food Market, in addition to other shopping centers including Caraway Plaza, TJ Maxx, Burlington, and Target. Multiple shopping options are within walking distance of each stop on the shuttle, and the selected stores offer everything from home décor to electronics to the latest fashion trends.

- Double bookings for the same day will NOT be allowed. If you double-book the shuttle for the same day, your latest booking will be canceled.
- If you are a no-show several times in a row without letting us know, you will be issued a warning and then if it continues, you will be placed on the low-priority passenger list.

Our shuttle is currently running on **Mondays, Tuesdays, Thursdays, and Saturdays** at the times listed below, and it departs from Arkansas State at the **fountain behind the Reng Student Union** (where the cafeteria is located). The first and third Sunday of every month, we also offer a free international shuttle to the Memphis Farmer's Market where you are able to find food from around the world.
