Computers

The Library has Dell computers available for student, faculty, and student use on floors 2-5. All computers have LockDown Browser and the current version of Microsoft Office installed on them. All computers are connected to the campus-wide printing system. You may release your prints from the two printers on the main floor regardless of which library computer you send the prints from.

Most computers have web cameras; however, you will need to provide your own headphones.

The Library does not have any Macs.
