Pay Anytime

- Payments can be made at any time and in any amount as long as the installment amount is paid in full before or on the installment due date.
  - Example: If your first installment is $500.00 and due on 5/31, you can pay $100 on 5/15, $200 on 5/20, and $200 on 5/31.

Schedule Automatic Payments

- Installments can be scheduled to automatically draft from a bank account or charge a credit/debit card.

Automatically Adjusts

- Payment dates automatically adjust if students enroll after the first payment date.
  - Example: The plan's first installment date was 7/31, but you signed up on 8/16. The payment amounts will equally divide out amongst the remaining plan dates.
- Payment amounts automatically adjust as charges/payments are posted to the student account.
- If a student is receiving financial aid, they can sign up for a payment plan before or after aid posts. Once aid posts to the student account, the installment amounts will adjust.

Fees

- A $40.00 installment fee is due at the time of enrollment.
- Late fees are automatically assessed 5 days after each missed payment.

Authorized Financial Aid and Student Responsibility

- Authorized financial aid reflected in the payment plan is an estimated amount based on the student's anticipated eligibility and is provided for informational purposes only. Such aid is not

guaranteed and may be adjusted, reduced, canceled, withheld, or otherwise fail to disburse due to changes in eligibility, enrollment status, academic standing, completion of required documentation, regulatory requirements, or any other applicable conditions.

- By entering into this Payment Plan Agreement, the student acknowledges and agrees that they remain solely responsible for all tuition, fees, and other charges assessed to their account, regardless of any estimated or authorized financial aid displayed. The institution makes no representation or guarantee that authorized financial aid will be disbursed in any amount. If authorized financial aid is reduced, canceled, delayed, returned, or otherwise does not disburse to the student's account for any reason, the student agrees to promptly pay any resulting outstanding balance and remains fully liable for all amounts owed under this Agreement.

Important Information

- Students are responsible for monitoring their payment plan and charges on their student account. Some charges may not be included and must be paid outside of the plan.
- Per University policy, transcripts are not released based on payment plan enrollment.
- Registration based on enrollment in a payment plan is not guaranteed and may vary by semester.
