Late Fees

Late Fees are assessed to any unpaid balance not enrolled in a payment plan after the 11th class day in fall and spring terms, 5th class day in the summer and winter.

Avoid Late Fees

1. Pay account balance in full
2. Enroll in a payment plan
3. Notify the Treasurer's Office of additional third party funding or expected additional financial aid (after the initial disbursement)

Important Information

- Late fees are not removed once posted.
- Balances must be paid or enrolled in a payment plan prior to the late fee's assessment date.
- Payments made or received on the day of the late fee are charged.
- Checks must be received prior to the day of the late fee.
- Students receiving third party funding or additional aid (after the initial disbursement) must contact the Treasurer's Office prior to the day of the late fee to avoid being charged.
    - Example: If the late fee posts on September 13th, the balance must be paid, payment must be received, or we must be notified of additional funding on September 12th or prior.

Drop Policy

In order to receive a refund for tuition and fees, courses must be dropped within the allotted refund period or before the course begins.

Before dropping:

1. Check the refund period for the course or contact the Treasurer's Office to determine if the refund will be issued.
2. Review financial aid regulations (if receiving aid) or contact the Financial Aid Office to determine if aid will be affected or charged back.

Any unpaid charges will remain the liability of the debtor and will be remitted to a collection agency if not paid in full. The debtor will bear all collection fees/costs and attorney's fees associated with this debt.

Appeals

Students can appeal charges if they are officially withdrawn and did not receive credit for courses. For information on the appeal process, valid appeal situations, and to complete the form, please visit our Tuition and Fee Appeal form.

Please note that the 'Checks/Direct Deposits Sent to Students' dates listed above are estimated time frames. There are several factors that could delay refunds. Please contact our office at sasbillpayment@astate.edu for assistance.

Refunds

Excess Aid and credits are issued to students through an automated process.

How to Receive Funds

Direct Deposits

To sign up for direct deposit, go to myBill and select the Refund Tab. Your account must be verified before refunds are issued to receive a direct deposit. The verification process can take up to 6 business days. Once a refund is issued to a direct deposit account, funds are available within 48 hours, depending on the process time of the individual's bank.

Checks

For accounts without direct deposit setup, a check will be printed and mailed to the Billing or Mailing address on file. Students are responsible for entering and ensuring their address is correct. If a check is lost in the mail or not received, students must wait 14 business days before completing a Student Affidavit Form to have the funds reissued. To check your Billing and Mailing address type, login to Self Service Banner.

Timing

Financial Aid Disbursement

Once financial aid disburses in a large batch at the beginning or middle of the term, the refund process is ran the following day to issue funds to students. This is usually a 3 day process: aid disburses, refunds are processed the next day, checks mailed/direct deposits sent to students on the third day.

Please note that there could be delays in aid disbursement that could delay refunds being processed. Also note that during mass disbursements the estimated time frames for refund dates can occur over several days to ensure all accounts are refunded as needed.

Weekly

After the initial aid disbursement, refunds are processed twice a week: Tuesday and Thursday. Checks are mailed and direct deposits are sent to students the following day after each run (Wednesday and Friday).

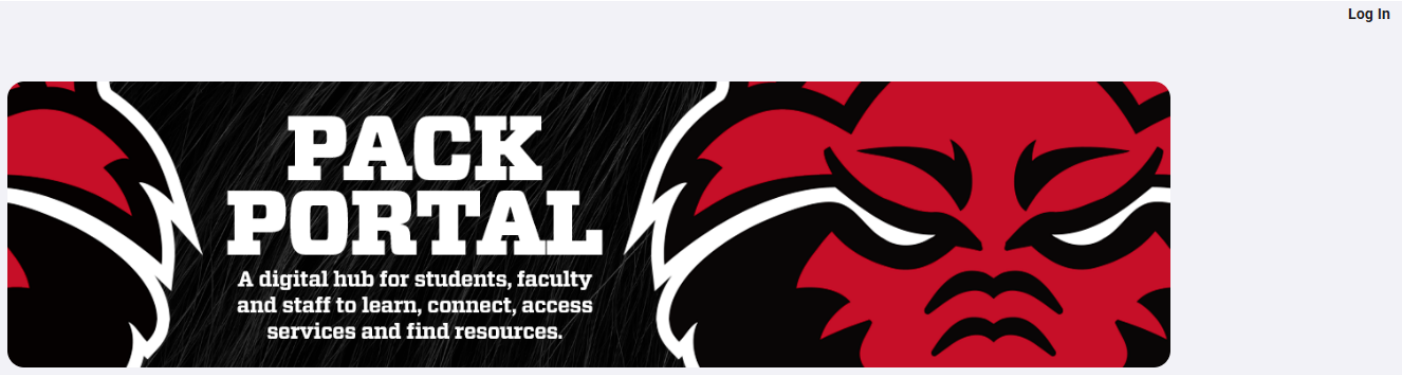

Example: If your refund is processed on Tuesday, your check will be mailed or your direct deposit will be sent out to you on Wednesday.
