Get Your 10

The Get Your 10 program hosted by Volunteer provides graduating students with a service cord for commencement. This initiative was created to encourage civic engagement at A-State and in the surrounding community. The Get Your 10 program provided service cords to over 50 graduates during the inaugural spring 2023 semester.

Students can earn their Get Your 10 cord by completing 10 service hours each academic year they are enrolled at A-State. During the semester in which they are graduating, students submit their hours to Volunteer A-State to receive their cord prior to commencement.

Applications available prior to each commencement ceremony.
